[REDACTED]

25X1 On 16 February 1952, [REDACTED]
 25X1 [REDACTED] an airfield was to be built in Burg near Magdeburg and that the field was
 25X1 to be similar to that in Werneuchen. Brandenburg Bauunion had allegedly been
 25X1 given the contract for the work. However, it is possible that a Bauunion from
 25X1 Dresden will also do some of the construction. [REDACTED]
 25X1 Brandenburg Bauunion had sent 50 men to Burg to do preliminary work and to
 25X1 start with the erection of construction sheds. [REDACTED] did not know whether
 the field was to be constructed on the site where the old airfield had existed
 prior to 1945. *

25X1 * [REDACTED] Comment. Several reports have been received on the proposed construction
 of an airfield near Burg. [REDACTED] reported
 25X1 that work is to be done by Magdeburg Bauunion and that the field is to be
 constructed like Brand airfield. Brand and Werneuchen airfields are occupied
 by type-27 planes.
